Case One (20%)

Yonas is a well-known businessman residing in Jimma. He frequently travels to Addis and Hawassa due to the nature of his business. This enabled him to install concubines both in Addis and in Hawassa. Hence, he spends his time with Aida when he is in Addis and with Helen when he is in Hawassa. His wife does not know about these facts. However, Aida knew that Yonas was a married man. However, it was only recently that she came to know about his affairs with Helen in Hawassa. She was angered by this fact and started looking for Helen's address. Thanks to technology, Aida got Helen's address, including phone number, from the facebook. About two weeks ago, she called and told Helen that Yonas is her husband and warned her to quit her affairs with him. Surprising, Helen also told her that Yonas is her Husband, too, and asked Aida to stop her affairs with him. The phone conversation ended with terrible conclusion where Aida warned Helen to face serious consequences if she chose to continue the affairs and refused to do what she was told to do. Helen paid deaf ears to the warning and in fact continued her affairs with him. This led Aida to go to Hawassa and look for Helen. After two days, she discovered the residence of Helen. The next day, Aida went to Helen's house and started waiting for her to come out. When the unsuspecting Helen emerged from her house, Aida started moving towards her. Helen recognized that it was Aida because she saw her picture before and Aida was her eighth grade classmate. As she was moving towards Helen, Aida was calling her, "you stupid prostitute! You refused to heed my warnings and I am here to kill you now! Call that stupid man to save you!" Helen could get back and close her door but she found that ignominious as many people were standing around and watching the drama. So, she stood her ground and waited for the angry Aida to come closer. As she was approaching, Aida was putting her hand into her purse which led Helen to believe that she was taking out a gun. Then, Helen did not want to waste any more time; she quickly took out her gun and shot Aida on her lower left leg. After receiving the shot, the bold Aida fell on the ground and started crying like a baby and calling for help. In matters of five minutes, three police officers arrived at the scene and arrested Helen. Aida was then taken to a nearby hospital where she is now receiving a medical treatment.

- a. If Helen is charged with causing intentional bodily injury to Aida, what possible defence could she raise? **10%**

- b. If you were the public prosecutor handling the case, what possible argument could you present against Helen's possible defence? **10%**

Case Two (10%)

Berta Enterprise is a company that has about 150 employees. It produces and sells leather products. *Lemlem*, an accountant, has been working for the Enterprise for the last seven years. As part of her regular duties, she deals with some of the routine book-keeping works and periodically prepares financial statements of the Enterprise. She likes her job very much and as a result she has never used even a single day from her annual leave so far. As far as her remuneration is concerned, she has been earning a monthly salary of Birr 2,700 since the first day of her employment. Recently, with a view to attaining competitiveness in the leather industry, the Enterprise introduced a new computer system with sophisticated accounting software. Accordingly, the management of the Enterprise is of the view that the service of *Lemlem* is no longer needed. Consequently, she was told by the management that her engagement with the Enterprise will be put to an end and she has been given a proper notice to that effect. Assuming that the termination is lawful, what possible entitlements will *Lemlem* be entitled to under the law.
